BIRTH OF THE EYE

*Names may change but blood remembers.
And the Eye watches... and waits.*

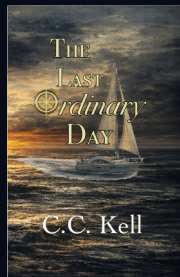

Birth of the Eye is a historical Gothic memoir set within The Bavent Bloodline Chronicles, told in the imagined voice of Madeleine Bavent, a real seventeenth century French woman whose testimony survives in court records from the infamous Louviers witchcraft and possession trials.

Birth of the Eye is a Gothic novel steeped in French history, feminine strength, endurance and psychological tension, where the Eye is created and the blood runs true.

Where it all began.
